# Community Impact Projects & Programs By Bold Goal

Collective community impact through RBA (Results-Based Accountability) begins with common understanding of the problem, a shared vision for change, and an agreement for data collection and measurement.

Together with community leaders and local social service agencies, we identified three Bold Goals for our community and decided on data indicators that will help us measure success.

Every program, collaboration, and initiative we facilitate or fund with donor dollars impacts one or more of these Bold Goals: Successful Children, Healthy Families, & Self-Sufficient Residents.

## BOLD GOAL 1: SUCCESSFUL CHILDREN
